

THE EMBROIDERERS' GUILD OF AMERICA

Hands Across America Hands Across the Water

The **Hands Across America** Program pairs EGA chapters in the USA with similar interests so that they may share experiences and information through newsletters, photos, and other means of communication. Some chapters also exchange gifts, ideas and exhibit pieces. Chapters that pair with one another are called twin chapters.

The **Hands Across the Water** Program pairs EGA chapters with other interested international embroidery groups so that they may share experiences in the same way.

To participate in either program, a chapter should send a "Request for Twin Chapter" form to the membership coordinator at EGA Headquarters via email, EGAHQ@egausa.org, or by mail to EGA Headquarters, Attention: Membership Coordinator, 1205 E. Washington St. Suite 117, Louisville, KY 40206.

The membership coordinator will contact you within two weeks to let you know about interested chapters within the USA. Overseas contacts are limited and may take longer.

Participating chapters should send an update of activities in the chapter annual report.
